I wish to become a Cypress Basin Master Gardener. I understand that I must complete all 50 hours of training. If I am unable to attend a training session, I will make arrangements with the County Agent for a make-up session. I further understand that after my training I must complete 50 hours of volunteer service within a year of completing my classroom training to achieve the Texas Master Gardener certification. To participate in an official CBMGA graduation you need to complete the volunteer service on or before October 31 of the year your classroom training started. Certification as a Master Gardener will be granted as long as you complete your 50 hours of volunteer time by December 31 of the year in which you started your class. I must make full payment to reserve my place in the training class. Upon receipt of the form, volunteer screening form and registration payment, you will receive confirmation of the class.
